EDUCATION

- Marri Laxman Reddy Institute of Technology and Mangement** *Hyderabad,India*
Computer Science and Engineering; GPA: 7.48 2021 – 2025
- Sri Chaitanya Boys Junior College** *Hyderabad,India*
Intermediate; GPA: 7.84 2019 – 2021
- Z.P High School** *Veliminedu,India*
secondary education; GPA: 7.3 2018 – 2019

ABOUT ME

I am a dynamic and enthusiastic individual passionate about learning and contributing positively to team environments. I possess excellent problem-solving skills and a keen eye for detail, easily adapting to new concepts. My proactive approach allows me to tackle tasks and challenges with excitement, as I aim for continuous growth and look forward to contributing to innovative projects and initiative.

PROJECTS

•Online Blood Donation Management System

•**Description :** Developed an Online Blood Donation System that facilitates the registration matching and scheduling of blood donors and recipients through a web-based platform.

•**Technologies Used :** HTML,CSS,JavaScript,PHP and SQL

•**Key Contributions :**Developed user friendly interface for easy donor and recipient registration.

Designed implemented a robust back-end system using PHP and SQL for secure data management and efficient matching of blood donors and receptors.

•Customer Following Trolley

•**Description :** A Customer Following Trolley project using sensors and autonomous navigation to create a shopping cart that follows the customer.

•**Technologies Used :** Aurdino,Ultrasonic sensor,motor drivers and infrared sensors

•**Key Contributions :** Developed and programmed the trolley's navigation using Arduino and ultra sensors.

Designed and implemented motor driver circuitry for precise movement and control of the trolley.

Conducted extensive market research to identify customer pain points and requirements, leading to the conceptual design of the Customer Following Trolley.

Designed and executed a robust testing protocol to validate the trolley's performance under various scenarios.

TECHNICAL SKILLS

Programming Languages : Java, Python, C++

Web Technologies : HTML, CSS, JavaScript, PHP

Web Developer Tools : GitHub, Git Tortoise, VS Code

Databases : MYSQL , MYSQL Server, Relation Database Management System

Concepts : Data Structures and Algorithms, OOPS, Multithreading, SDLC, Operating System

CODING PROFILE

•<https://www.hackerrank.com/profile/harshithkumarmal>

ACHIEVEMENTS

•Frontend Developer Course Completed — August, 2025
